

# Relationships and Sex Education Policy VERSION: September 2023

#### 1. Aims

The aims of relationships and sex education (RSE) at Donisthorpe Primary School are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

## 2. Statutory requirements

As a maintained primary school, we must provide relationships education to all pupils as per section 34 of the <u>Children and Social work act 2017.</u>

We are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum. In teaching RSE, we must have regard to <u>guidance</u> issued by the secretary of state as outlined in section 403 of the <u>Education Act 1996</u>.

At Donisthorpe Primary School we teach RSE as set out in this policy.

#### 3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

- 1. Review –working group pulled together all relevant information including relevant national and local guidance
- 2. Staff consultation all school staff were given the opportunity to look at the policy and make recommendations
- 3. Parent/stakeholder consultation parents/carers were invited to attend a parent forum about the policy
- 4. Ratification once amendments were made, the policy was shared with governors and ratified

#### 4. Definition

- RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.
- RSE involves a combination of sharing information, and exploring issues and values.

• RSE is not about the promotion of sexual activity.

#### 5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

### 6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Pupils also receive stand-alone sex education sessions in upper Key Stage 2 delivered by class teachers.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and relationships
- Health and wellbeing
- Safety and the changing body

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## 7. Roles and responsibilities

## 7.1 The governing board

The governing board will approve the RSE policy, and hold the Headteacher to account for its implementation.

#### 7.2 The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from [non-statutory/non-science] components of RSE (see section 8).

#### 7.3 Staff

Staff are responsible for:

• Delivering RSE in a sensitive way

- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE
- Communicating any concerns about a pupil's response to parents/carers

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

Teaching staff are responsible for teaching RSE.

#### 7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

#### 8. Parents' right to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the [non-statutory/non-science] components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

#### 9. Training

Staff are trained on the delivery of RSE and it is included in our continuing professional development calendar.

The Headteacher may also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

#### 10. Monitoring arrangements

The delivery of RSE is monitored by the Headteacher through Learning walks.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by the governing board every 3 years.

We will answer children's questions in general terms and will ensure that our answers reflect the responsible choices adults make in deciding when to have children. This will enable pupils to further understand the responsibilities of adult life.

#### **Periods**

We will ensure that sensitive arrangements are made for girls who have started menstruating. This includes the provision of sanitary disposal units and the discreet provision of 'emergency' sanitary protection. Staff will respond to such requests discreetly. Girls who have started their periods can approach any member of staff for support or sanitary protection.

In order to ensure the RSE Curriculum meets the needs of all:

- We will not promote one particular lifestyle over another
- We will not seek to gain consensus, but will accept and celebrate difference
- We will encourage respect and discourage abuse and exploitation
- We will not ask children to represent the views of a particular religious or cultural group to their peers, unless they choose to do so
