

2017-2018 Primary PE and Sports Funding

The Government has made available additional funds to all primary schools for 2017-2018. This money must be spent on improving the provision of PE and sport for the benefit of pupils registered at that school so that all pupils develop healthy lifestyles.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. This means that the school will receive approximately £18,040.

Donisthorpe Primary School has bought into the being offered by the (NWLSSP).

How do we ensure our use of Sports Premium Funding helps create a sustainable offer?

To ensure our PE offer is sustainable, we need to be confident that if and when Sports Premium Funding stops or is removed, that we have a staff team with the skills to deliver high quality PE sessions and are enthusiastic and confident in their delivery. As well as this, we must have robust systems in place so our children lead healthy lifestyles, make regular progress in PE and are physically active for at least 60 minutes per day.

We use a large proportion of our Sports Premium Funding to be part of the North West Leicestershire School Sports Partnership (NWLSSP – see website below) – one of the most successful partnerships not only in Leicestershire but indeed the entire country. Our membership ensures several things: our staff are supported in the delivery of high quality curriculum PE by professional coaches, are able to attend courses that enhance their professional development and are also able to seek advice from any of the staff from the NWLSSP swiftly.

In addition to this, as school PE Co-ordinator, I have access to a wide range of up-to-date resources, can liaise and share practise with other schools and can regularly keep up to date with curriculum changes. This information is vital in ensuring we, as a school, move with the times and give the children of Donisthorpe the best PE offer we can.
